

COLLECTOR'S CABINET  
46W X 17D X 80H

HONNING.US

## COLLECTOR'S CABINET

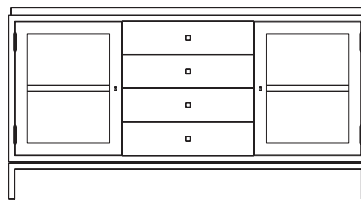

Dimensions: 46W X 17D X 80H

Materials: Plain-sliced or Quartered Figured Walnut  
Bronze Patina on Steel  
Glass doors and shelves  
Dark Bronze keyhole

Designed by: Maxine Snider

Description: The instinct for display is a human and historic one. Ornate 18th century cabinets with glass doors were popular with collectors to hold their fine ceramics and Oriental porcelain. Our Collector's Cabinet is derived from the same impulse, but is clean and modern, with a sleek bronzed base and simple lines. Made of walnut and fitted with adjustable glass shelves and a discreet lock and key, it is available with interior lighting, operated by the touch of a hand on the door.
