Materials: Quartered Ash, Mahogany, or Walnut
Bronze Patina on Steel
Dark Bronze pulls

Description: The Villa Tower II is our original Villa bookcase re-proportioned and detailed with metal. It's a taller, slimmer version of the first, with an elegant steel base in a bronze patina. We love the new grace of it, the mix of materials, and its many uses. Books, towels, dishes, collections---you name it, the Villa Tower II stores it in style.
